

Grant Writing + Corporate & Foundation Funding Strategy

Dr. Eugene Manley Jr., PhD

Biomedical Scientist | Nonprofit Executive | Funding Strategist

I help nonprofits, academic teams, and mission-driven organizations secure grants, foundation support, and corporate funding by translating complex work into clear, compelling, funder-aligned proposals and sponsorship packages.

Proven Results

- \$1M+ raised across grants, sponsorships, and philanthropic funding
- \$298K generated in 18 months for a startup nonprofit
- Oversaw \$1.8M in active grant portfolios and new funding mechanisms
- Built and managed 37 corporate C-suite partnerships (\$525K raised)
- PCORI merit and patient reviewer experience

Funding Services

Grants & Foundations

- Opportunity identification
- Proposal writing
- Editing
- Resubmissions
- Reviewer response

Corporate Funding & Sponsorship Corporate prospecting, sponsorship decks, partnership proposals, ROI narratives, stewardship plans

Strategy & Infrastructure Logic models, equity integration, budgets, evaluation frameworks

Why Clients Choose Me

I bridge science + story + strategy in funder language

I've worked both sides: grant administration, corporate partnerships, and nonprofit leadership

Clear deliverables, fast turnaround, and writing built for reviewers and decision-makers

Funding Domains

Health equity and disparities • Cancer research and advocacy • STEMM workforce development • Community-engaged research • Education and mentorship programs
